Three Day Road Joseph Boyden 2010-09-09 The stories of an American Indian sniper caught up in the Great War and of his aunt, one of the last Cree Indians to live off the land, are intertwined in a mesmerising journey as they travel home over three days This beautiful, haunting novel begins as Niska is reunited with her nephew, Xavier, after he returns from the horrors of the First World War. As she slowly paddles her canoe on the 3-day journey to take him home, travelling through the stark but stunning landscape of Northern Canada, their respective stories emerge. Niska is the last Cree Indian woman living off the land in Canada. She recalls her memories of growing up among her kinsfolk, of trying to remain true to her ancestors and traditions in a rapidly changing world. Xavier joined the war reluctantly at the urging of his only friend, Elijah - a Cree boy raised in the reservation schools. Elijah and Xavier honed their hunting skills as snipers in the horrors of the trenches and the wastes of No-man's land. But as the war continues, they react in very different ways to the never-ending carnage around them. Niska realises that in the aftermath of war, Xavier's very soul is

dying - but will the three day journey home be enough to help him find hope again?

World Social Report 2020 Department of Economic and Social Affairs 2020-02-14 This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations to manage these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.
