Project Management Workbook and PMP / CAPM Exam Study Guide Harold Kerzner 2017-04-12 Sharpen your project management skills and prepare for the latest PMP®/CAPM® exam The Project Management Workbook and

PMP/CAPM Exam Study Guide is a two-in-one resource for mastering the Project Management Body of Knowledge (PMBOK®). As the companion to Project Management: A Systems Approach to Planning, Scheduling, and Controlling, this book provides the opportunity to strengthen your understanding of project management in real-world application, with questions, problems, and cases designed to enhance your critical thinking skills. Functioning as a stand-alone study guide to the Project Management Professional (PMP) Certification Exam, this book helps you develop the critical skills of a successful project manager with questions that show you what to expect on exam day. Interesting, enjoyable, and thought-provoking, this workbook and study guide helps you dig into the PMBOK and gain the professional insights that come only from applying what you've learned. Reading the PMBOK doesn't fully prepare you to pass the PMP exam, let alone function as a project manager in the real world. Understanding how to apply the various methodologies is vital to your success, and this book gives you a wealth of guided practice to hone your skills in advance. Practice applying project management concepts Test your grasp of the PMBOK methodology Preview the PMP with simulated exam questions Enhance your critical thinking and project management skills The project manager's role is broad in scope and detailed in function. Don't try to memorize the PMBOK, internalize it; this approach gives you a ready body of knowledge available for recall as needed, and helps you become a more efficient, more effective project manager. Instinctive knowledge comes from copious practice, and the Project Management Workbook and PMP/CAPM Exam Study Guide is your ideal resource for developing your skills. Bringing the PMBOK Guide to Life Frank P. Saladis 2011-11-16 Transform the PMBOK® Guide from a framework to a sharpened tool in your project manager's toolbox In project management circles, it's often joked that "there's the right way, the wrong way, and the PMBOK® way" to manage projects. In truth, it's really about the methodology you choose. The PMBOK® Guide is a consensus-based standard that thousands of project management professionals

find immensely valuable in the process of developing an effective methodology. But exactly how does a project manager take the information provided in the PMBOK® Guide and apply it most effectively and appropriately to an actual project environment? This book can be the answer. It is basically a "guide to the guide"—a road map to applying the tools of the PMBOK® Guide to your organization's or project's unique nature and requirements. *Bringing the PMBOK® Guide to Life: A Companion for the Practicing Project Manager* builds a bridge between the PMBOK® Guide and the common needs of today's practicing project managers. It explains and elaborates on specific techniques, terms, and the application of tools that will enable project managers to effectively adapt the principles and processes described in the PMBOK® Guide to the practical world of project management. Readers will find suggested approaches for the use of project management tools and techniques along with templates developed directly from information provided in the PMBOK® Guide. Suggestions and study tips are also included to assist in preparing for the PMP exam, and a Project Plan Accelerator (PPA) can be used with the PMBOK® Guide by project managers and project teams to develop plans that are specifically tailored to meet the needs of your team, your clients, and your sponsoring organization. Written by two of the leading experts in the field, *Bringing the PMBOK® to Life* will help every project manager translate the PMBOK® Guide's tools and techniques into actionable, commonsense approaches to managing a project. Read And Pass Notes For PMP Exams (Based On PMBOK Guide 6th Edition) Maneesh Vijaya 2019-04-10 This

Paperback Book Is a Low Cost Version - With Black and White Pages and Illustrations Inside The only book that gives access to free Real-To-Life Exams Simulator. Details inside the book. Read & Pass Notes for PMP Exams is a series with one book dedicated to each of the Chapters / Knowledge Areas of PMBOK. Thus allowing you to pick up only the chapter that you feel you need help with. Please note that this book is based on PMBOK Guide 6th Edition. There are so many PMP Books, why should you buy this one? While other books focus on passing strategy this book focuses on simplicity and clarity of understanding the concepts. The best way to guarantee acing the exams. Each concept practically explained with examples from different domain. Thus making you practically effective as well. 100's of illustrations for easy recall and retention and make the book interesting. Loaded with tips and tricks that you can actually use. Every chapter ends with a Ninja Drill to refresh the most important concepts in that Chapter / Knowledge Area. The only book that gives access to "Real Exams" like simulator. Details of access inside the book. This would let you know your improvement areas as well. Author has over 19,000 certified candidates who trained under him / his company called PM-Pulse. The only set of books you would need to buy. They are complete in all respects (Minus the mindless Exams Passing strategies and schemes). What is the philosophy of this book / training? The book is based on 3 simple philosophy. One: if you understand the subject well you will be able to answer any question, no matter how complex, that's asked to you on that subject. It's much easier to understand the subject than to run around trying to understand different kinds of questions, schemes, strategies and jargons to clear PMP Exams. We have been using this methodology since 2006 with over 19,000 PMP certified professionals and our candidates not only pass the exams in first try they also become practically better in project management due to "Understanding" the subject. Two: if the subject is explained in an interesting manner and with a lot of real world examples people absorb it better and remember it the longest. Hence these series are filled with apt and real world examples for every single concept. And Three: people respond to illustrations and images better than just plain text. This book is filled with illustrations of concepts, tips and tricks and mind-maps that will make it easy for you to understand as well as help you create image-associations for speedy recalls and retention. Ok! So who is the author? Maneesh Vijaya, PMP Chief Consultant, Mentor, Coach and Trainer on Strategy, Portfolio, Program and Project Management with 25+yr Experience Founder of PM-Pulse, Global REP of PMI, USA Founder of "Read & Pass Notes" Founder of the exams simulation site a2zpm and PM audio sites "PM Dhvani". Founder and CEO of an IT organization dedicated to Project and Productivity tools and

software by the name of "Pulse Of IT". What are the other books by Read & Pass Notes? One book for each of the 10 Knowledge areas and 1 for Project Framework, making a total of 11 books in this series. Some testimonials
