The Manga Artist's Handbook: Drawing Dynamic Manga Characters Junka Morozumi 2020-04-14 Create interesting and expressive manga characters by learning the techniques of professional artists. This volume builds on the proven three-step technique presented in the companion volume, *Drawing Basic Characters*. 1. Trace a simple outline of the character 2. Add clothing, facial expressions and other details using the easy-to-follow tips 3. Use color and pen to create the finished character Experienced manga artists Junka Morozumi and Tomomi Mizuna are your guides to the dazzling world of lifelike and expressive manga characters who literally leap off the page. Through expert tips and richly-illustrated, step-by-step tutorials, they help you to build your skills and confidence at the same time. Their focus is on creating a dynamic body pose and face for each character and illustration. First you are shown how to sketch a well-proportioned outline, then how to fill in supporting details—powerful dramatic expressions, clothing and actions. Bold examples portray an array of body types and faces, each capturing a different mood or action sequence. Whether your character has just won a major victory and is leaping into the air in triumph, or you want to draw the subtlety of a forlorn expression, this book will allow you to capture it. No matter what story you're telling, *Drawing Dynamic Manga Characters* shows you how the pros do it.

**How to Draw Manga: Basics and Beyond Manga University 2019-05-24** You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for more than 20 years. "How to Draw Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!
