The Adventures of Augie March Saul Bellow 1954 This is the fictional autobiography of a rumbustious adventurer and poker-player who sets off from his native Chicago in the spirit of a latter-day Columbus to rediscover the world - and more especially, 20th century America.

Some Hints on Pattern-designing [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

Gospels and Grit Rob Breton 2005 Examines the literary representations of work and labour in the Victorian works of Carlyle, and the 20th century writings of Conrad and Orwell.

Under an Elm-tree; Or, Thoughts in the Countryside [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

Two Extracts from A Dream of John Ball [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics).

2004

News from Nowhere and Other Writings William Morris 1994-01-04 This volume illustrates the variety of William Morris's prose, while focusing on one theme: the earthly paradise. The "Nowhere" of News from Nowhere (1890) is England in 2102, an ideal pastoral society born out of revolution. It is as compelling a dream of the future as the nightmares of Brave New World and Nineteen Eighty-Four. Exhilaratingly, it reminds us that nothing is inevitable about the way we live—now or in 1890.

The Hopes of Civilization [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

Looking Backward: a Review of Looking Backward by Edward Bellamy [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

News from Nowhere [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

Also includes Christina Rossetti's "Remember," "Cousin Kate," and "Song," plus Swinburne, and more

The Story of the Unknown Church [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

Preface to The Nature of Gothic by John Ruskin [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

A King's Lesson [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

William Morris Fiona MacCarthy 1995 Winner of the Wolfson History Prize, the essential biography of the father of the Arts and Crafts movement. The author, Fiona MacCarthy, is the curator of the National Portrait Gallery's 2014-15 exhibition Anarchy and Beauty: William Morris and His Legacy. 'One of the finest biographies ever published in this country' A. S. Byatt Since his death in 1896, William Morris has come to be regarded as one of the giants of the Victorian era. But his genius was so many-sided and so profound that its full extent has rarely been grasped. Many people may find it hard to believe that the greatest English designer of his time, possibly of all time, could also be internationally renowned as a founder of the socialist movement, and could have been ranked as a poet together with Tennyson and Browning. With penetrating insight, Fiona MacCarthy has managed to encompass all the different facets of Morris's complex character, shedding light on his immense creative powers as artist and designer of furniture, fabrics, wallpaper, stained glass, tapestry and books, and as a poet, novelist and translator; his psychology and his emotional life; his frenetic activities as polemicist and reformer; and his remarkable circle of friends, literary, artistic and political, including Dante Gabriel Rossetti and Edward Burne-Jones. Fiona MacCarthy's skilful drawing together of these disparate elements makes for a comprehensive and compelling biography.

News from Nowhere and Selected Writings and Designs William Morris 1962

Useful Work V. Useless Toil William Morris 2008-08-07 Visionary English Socialist and pioneer of the Arts and Crafts movement, William Morris argued that all work should be a source of pride and satisfaction, and that everyone should be entitled to beautiful

surroundings • no matter what their class. Throughout history, some books have changed the world. They have transformed the way we see ourselves • and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives • and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Society in Early Modern England Phil Withington 2010-09-20 The sixteenth and seventeenth centuries have traditionally been regarded by historians as a period of intense and formative historical change, so much so that they have often been described as early modern? – an epoch separate from the medieval? and the modern?. Paying particular attention to England, this book reflects on the implications of this categorization for contemporary debates about the nature of modernity and society. The book traces the forgotten history of the phrase ?early modern? to its coinage as a category of historical analysis by the Victorians and considers when and why words like ?modern? and ?society? were first introduced into English in the sixteenth and seventeenth centuries. In so doing it unpicks the connections between linguistic and social change and how the consequences of those processes still resonate today. A major contribution to our understanding of European history before 1700 and its resonance for social thought today, the book will interest anybody concerned with the historical antecedents of contemporary culture and the interconnections between the past and the present.

A Note by William Morris on His Aims in Founding the Kelmscott Press [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

Making Light Work David A. Spencer 2022-01-19 Is work a primordial curse? Or a spiritual calling? Or is it a tedious necessity that technology will abolish, freeing us to indulge lives of leisure? In this book David A. Spencer argues that work is only an alienating burden because of the nature of work under capitalism. He makes the case not for the abolition of work – which can remain a source of meaning and dignity - but for its lightening. Engaging with thinkers ranging from Marx and William Morris to Keynes and Graeber, he rejects the idea that high-quality work can only be open to a few while the majority are condemned to menial tasks, and sets out an agenda for shortening the working week while also making work a site of creativity, usefulness and joy for all. This erudite book sets out a compelling agenda for radical change. It's essential reading for anyone interested in the future of their work.

Foreword to Utopia by Sir Thomas More [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

The Odes of Horace Horace 2016 William Morris had a lifelong fascination with illuminated books. He collected thirteenth- and fourteenth-century manuscripts and became one of the foremost experts on the art of bookmaking and calligraphy. Aiming to resurrect a tradition that had fallen into abeyance with the invention of printing, he made eighteen illuminated books, using a variety of texts, during the course of his life. One of these, now held in the Bodleian Library, is a handmade edition of the 'Odes of Horace'. The pages of this book, reproduced here in high-quality facsimile, are among the most intricate and ambitious that Morris ever created. Using a Renaissance italic style of calligraphy, he illuminated letters with delicate shades of gold and silver, and adorned them with floral decoration and miniature faces and figures. The openings to

each of the four books of the Odes are stunning display pages on which Morris collaborated with the artists Edward Burne-Jones and Charles Fairfax Murray. The Roman poet Horace (65-8 BCE) wrote four books of lyric poetry in Latin which have subsequently been translated many times and have had an ongoing influence on Western literature. He combined descriptions of the everyday with the poetry of politics, patriotism, love and friendship, producing lines of beauty and wisdom which were very popular in Morris's day and continue to appeal in the twenty-first century. This facsimile edition is presented in a blind embossed slipcase featuring a detail from one of Burne-Jones' paintings in the book with a companion volume containing an introduction to William Morris's manuscript and an English translation of the Odes. *The Roots of the Mountains* William Morris 2003 J. R. R. Tolkien's *The Lord of the Rings* was influenced by this tale of a romance that unites two long-ago peoples and of the battle to defend their freedom against invading Huns.

The Return of Nature John Bellamy Foster 2021-06-01 Winner, 2020 Isaac and Tamara Deutscher Memorial Prize A fascinating reinterpretation of the radical and socialist origins of ecology Twenty years ago, John Bellamy Foster's *Marx's Ecology: Materialism and Nature* introduced a new understanding of Karl Marx's revolutionary ecological materialism. More than simply a study of Marx, it commenced an intellectual and social history, encompassing thinkers from Epicurus to Darwin, who developed materialist and ecological ideas. Now, with *The Return of Nature: Socialism and Ecology*, Foster continues this narrative. In so doing, he uncovers a long history of efforts to unite issues of social justice and environmental sustainability that will help us comprehend and counter today's unprecedented planetary emergencies. *The Return of Nature* begins with the deaths of Darwin (1882) and Marx (1883) and moves on until the rise of the ecological age in the 1960s and 1970s. Foster explores how socialist analysts and materialist scientists of various stamps, first in Britain, then the United States, from William Morris and Frederick Engels to Joseph Needham, Rachel Carson, and Stephen J. Gould, sought to develop a dialectical naturalism, rooted in a critique of capitalism. In the process, he delivers a far-reaching and fascinating reinterpretation of the radical and socialist origins of ecology. Ultimately, what this book asks for is nothing short of revolution: a long, ecological revolution, aimed at making peace with the planet while meeting collective human needs.

Utopias and Dystopias in the Fiction of H. G. Wells and William Morris Emelyne Godfrey 2016-12-08 This book is about the fiercely contrasting visions of two of the nineteenth century's greatest utopian writers. A wide-ranging, interdisciplinary study, it emphasizes that space is a key factor in utopian fiction, often a barometer of mankind's successful relationship with nature, or an indicator of danger. Emerging and critically acclaimed scholars consider the legacy of two great utopian writers, exploring their use of space and time in the creation of sites in which contemporary social concerns are investigated and reordered. A variety of locations is featured, including Morris's quasi-fourteenth century London, the lush and corrupted island, a routed and massacred English countryside, the high-rises of the future and the vertiginous landscape of

another Earth beyond the stars.

The Challenge of Democracy Hugh Cunningham 2014-10-29 This authoritative and thought-provoking history takes a fresh view of what was a period of unprecedented and rapid change. Assuming no prior knowledge of the subject, Hugh Cunningham provides a clear narrative of political events, and an analysis of change and continuity in ideas and in economic and social structure. Britain is set firmly in the context of world power and the possession of empire. An overarching theme is the challenge presented by democracy in a period framed by the First and Fourth Reform Acts. 'Democracy' had no stable meaning, and its opponents were just as vocal as its advocates. The book explores its implications for the role of the state, for the governance of empire, and for the relationship between the different nations within the United Kingdom.

The Pre-Raphaelites: From Rossetti to Ruskin Dinah Roe 2010-07-01 The Pre-Raphaelite Movement began in 1848, and experienced its heyday in the 1860s and 1870s. Influenced by the then little-known Keats and Blake, as well as Wordsworth, Shelley and Coleridge, Pre-Raphaelite poetry 'etherialized sensation' (in the words of Antony Harrison), and popularized the notion of 'art pour l'art - art for art's sake. Where Victorian realist novels explored the grit and grime of the Industrial Revolution, Pre-Raphaelite poems concentrated on more abstract themes of romantic love, artistic inspiration and sexuality. Later they attracted Aesthetes and Decadents like Oscar Wilde, Aubrey Beardsley and Ernest Dowson, not to mention Gerard Manley Hopkins and W.B. Yeats.

The Lesser Arts [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

News from Nowhere and Other Writings William Morris 2004-12-02 Poet, pattern-designer, environmentalist and maker of fine books, William Morris (1834-96) was also a committed socialist and visionary writer, obsessively concerned with the struggle to achieve a perfect society on earth. News From Nowhere, one of the most significant English works on the theme of utopia, is the tale of William Guest, a Victorian who wakes one morning to find himself in the year 2102 and discovers a society that has changed beyond recognition into a pastoral paradise, in which all people live in blissful equality and contentment. A socialist masterpiece, News From Nowhere is a vision of a future free from capitalism, isolation and industrialisation. This volume also contains a wide selection of Morris's writings, lectures, journalism and letters, which expand upon the key themes of News From Nowhere.

Making is Connecting David Gauntlett 2011-04-11 Sets out a compelling argument for

the importance of making things and creativity for social wellbeing. Argues that both online and offline, making things can foster deeper connections with the world and other people and that this can be used productively for society
