The Complete Trading Crash Course Warren Kratter 2020-10-07 The only method that in 3 weeks takes you from being a novice with no skills to a trading ninja who makes mind-boggling sums + Kindle Book Bonus. Soon I'll tell you how this amazing method works. I challenge you to find a course (because perhaps a book doesn't exist) that gives you this variety of UNPUBLISHED content. Passive Income Trading The new techniques that the best wall street sharks use to ensure that their investments bring profit over time with continuity Options Trading Basic: all the basics you need to get started with options. Not the useless notions that make you waste precious time. Type Of Options All existing PROFITABLE types of options that will allow you to skyrocket your investments instead of lying on the ground crying on you. Risk Management: Risk is part of the game, but knowing how to make it virtually zero gives you many more gears than the other traders out there, who will continue to lose everything. Options Trading Strategy The only strategy signed by Warren Kratter that works on the market to make investing with options an absolute success. Trading Mindset: You will understand what lies behind the greatest minds in the world of investments so you can learn how they work and what paradigms they have to simulate them. Earlier I told you that I would explain to you what the method consists of. The "Warren Kratter Solution" method is the only method that has managed to change the lives of 737 people, leading them from not knowing at all about trading to earning money in the first 7 weeks. One of them is Mark. A boy who had always been a waiter in his life. He wanted to make a drastic change in his life so he came to us and asked us to teach him trading. Since then, after 7 weeks, from being a kid on the loose, he now earns \$ 17,337 a month. And this is only one of the many lives that this method has managed to turn upside down. But all these people had one thing in common. The fervent desire to succeed. They made the decision to change their lives and went all the way without wasting time on the sofa. Now it's up to you to decide what to do. Do you stay where you are and keep wasting time saying "I'll do it", or do you finally want to get to live the life you deserve and take action? If the answer is the latter (I hope for you it is) then click the BUY NOW button and start the climb to the top.

Options Trading Byron McGrady 2021-02-19 Are you wondering how to begin your journey in Options Trading? Are you aware of what it takes and what you should possess to make your investment successful? You should invest yourself in knowledge and skills first; you sure never want to enter a battle unprepared. Fortunately, this book can guide you throughout your journey in the market. These 2 Books in 1 entitled Options Trading: The Complete Beginner's Crash Course to Investing with Options by Effective Strategies and Generate Passive Income with Low Risks prepares you for the competitive environment you're about to enter. This is a comprehensive guide for learners that want to mold themselves to be better traders. The first book, Options Trading for Beginners, fills you with all the necessary knowledge you have to learn, such as detailed options. It explains what options trading is and other important basics you have to know. Of course, since you are about to enter a new environment, you should also learn the terminology or language in this field. This way, you won't enter the confusion and misinterpretation stage because of the lack of knowledge of the language used in this trading. Aside from those above, there are more things you can find in this guide that would help you, as a beginner, to upgrade your trading knowledge and skills. On the other hand, the second book introduces you to the Options Trading Crash Course, where you can acquire ideas about financial freedom and a financially free individual's habits and mindset. In this book, you will also learn how to manage the risks you might encounter and the attitude you should exhibit as a trader. This will also introduce you to the stock market, day trading, and strategies you can use to succeed. Both books provide all the knowledge you would need in Options Trading. You no longer find the answers in other guiding materials because you can find everything you need in this book. So, don't waste your precious time, learn and succeed. Grab a copy of this book now!

Options Trading Crash Course 2021 Nathan Bell 2020-10-02 Have you been hearing a lot about options trading lately, including how they don't require too much upfront cash and many other benefits, and are curious to start trading options but don't know where to start? And are you looking for a comprehensive guide that will hold you by the hand until you make money trading options? If you've answered YES, keep reading... You Are About To Discover Exactly How To Venture Into The World Of Options Trading Fully Confident Of What To Do At Different Times And The Strategies You Should Use To Trade Options Like The Pros, While Keeping Your Exposure To Risks Low And Opening Yourself For Maximum Returns! If a stock is trading at \$50 per share, you'd have to part with \$5,000 to purchase 100 shares (that's excluding fees and commissions). But if you don't have all that money, you can still choose to control the same number of shares with about \$150. Crazy, huh? Well, if you're a stock options trader, it isn't! When you purchase options instead of stocks, your cost of entry is decreased tremendously. That would mean a lot of things but if you ask me, the fact that you're risking less and leaving more investing capital free for other investments is everything! Unfortunately, that's not the only advantage- not even close, so save your excitement for when you get to learn about the leverage, flexibility, profit margins and risk- not to mention, how easy it is to get started! Interested to learn more? Or are you wondering: What are options, and how are they different from regular stocks? How do they work? How do you get started? What are the techniques to ensure you succeed with them? What are the risks? If you are, then brace yourself for a short exciting journey that will turn you into a professional trader in no time, so keep reading. Here's a tiny bit of what you'll learn from this book: The basics of options, including what they are and why they're important The categories of options and why index options are great Why you need to get into options trading The risks you should be prepared for How options are priced How to buy or sell options in different ways How to buy call options like a professional trader How to buy put options using the best strategies The best techniques to sell covered call options The best techniques to sell naked call options The best strategies to offer put options What you need to know about trading signals and signal providers How to avoid the five most common mistakes ...And much more! Yes, even if the idea of options trading seems too advanced and 'PhD level' to you right now, this book will break down everything using simple language to ensure you have an above average understanding of options trading so that you trade without losing money! Options Trading Crash Course Nathan Bell 2021-11-10 Have you been hearing a lot about options trading lately, including how they don't require too much upfront cash and many other benefits, and are curious to start trading options but don't know where to start? And are you looking for a comprehensive guide that will hold you by the hand until you make money trading options? If you've answered YES, keep reading... You Are About To Discover Exactly How To Venture Into The World Of Options Trading Fully Confident Of What To Do At Different Times And The Strategies You Should Use To Trade Options Like The Pros, While Keeping Your Exposure To Risks Low And Opening Yourself For Maximum Returns! If a stock is trading at \$50 per share, you'd have to part with \$5,000 to purchase 100 shares (that's excluding fees and commissions). But if you don't have all that money, you can still choose to control the same number of shares with about \$150. Crazy, huh? Well, if you're a stock options trader, it isn't! When you purchase options instead of stocks, your cost of entry is decreased tremendously. That would mean a lot of things but if you ask me, the fact that you're risking less and leaving more investing capital free for other investments is everything! Unfortunately, that's not the only advantage- not even close, so save your excitement for when you get to learn about the leverage, flexibility, profit margins and risk- not to mention, how easy it is to get started! Interested to learn more? Or are you wondering: What are options, and how are they different from regular stocks? How do they work? How do you get started? What are the techniques to ensure you succeed with them? What are the risks? If you are, then brace yourself for a short exciting journey that will turn you into a professional trader in no time, so keep reading. Here's a tiny bit of what you'll learn from this book: The basics of options, including what they are and why they're important The categories of options and why index options are great Why you need to get into options trading The risks you should be prepared for How options are priced How to buy or sell options in different ways How to buy call options like a professional trader How to buy put options using the best strategies The best techniques to sell covered call options The best techniques to sell naked call options The best strategies to offer put options What you need to know about trading signals and signal providers How to avoid the five most common mistakes ...And much more! Yes, even if the idea of options trading seems too advanced and 'PhD level' to you right now, this book will break down everything using simple

language to ensure you have an above average understanding of options trading so that you trade without losing money! Scroll up and click Buy Now With 1-Click or Buy Now to get started!

Options Trading Crash Course William Rogers 2021-07-25 If you've always wanted to learn how Options Trading works and understand every aspect of it in a short time to achieve the desired profits, then keep reading. Would you like to make major stock market profits, only having to invest hundreds of dollars, rather than having to spend years and thousands of dollars methodically investing? What if you could earn an ROI of 40%, 50%, or even 100%? Would you like to earn regular income on a weekly basis from the stock market? All of this and more is possible while trading options. Sadly, few individual traders understand what options are even if they know they exist. Options trading has long been seen as too hard for the guy or gal off the street to understand, and it has long seemed to be an insider's game. What if I told you that anyone can trade options and earn significant profits doing so? In this book you are going to find the exact same steps professional options traders use to earn consistent profits from the stock market. Maybe the best news is that you can do it at any level or time commitment that fits your lifestyle. Want to earn \$500 a month in profit? Or maybe \$1,000 a month, or \$10,000 a month? You could even be thinking about earning \$100,000 a month. The most exciting thing about options, is that you can earn all of these and more, and you can do it using different trading methods and without having to sink in a large amount of capital to get started. In this book you will learn: Why you only need a few hundred dollars to get started. How to earn a massive profit with a huge ROI on stock market price moves. Ways to earn money on declining stock prices. The joys of earning an income from options each and every single week. You may even be able to quit your job! The different types of options there are – we'll demystify calls and puts for you. The most common options trading strategies used on the markets by professionals. Learn all about the Iron Condor and Iron Butterfly. Find out how people are earning regular income from vertical spreads. Discover the joys of "selling naked". And much, much more! So, don't delay another minute. Find out how you can become a successful trader in the world of options contracts. You will find it not only to be easy to learn but truly rewarding to see yourself putting practical information to work for you. Best of all, you don't need an advanced degree in business or finance.
