The Power of Concentration Theron Q. Dumont 2015-10-13 We all know that in order to accomplish a certain thing we must concentrate. It is of the utmost value to learn how to concentrate. To make a success of anything you must be able to concentrate your entire thought upon the idea you are working out. Do not become discouraged, if you are unable to hold your thought on the subject very long at first. There are very few that can. It seems a peculiar fact that it is easier to concentrate on something that is not good for us, than on something that is beneficial. This tendency is overcome when we learn to concentrate consciously. If you will just practice a few concentration exercises each day you will find you will soon develop this wonderful power.

Happiness is Free Lester Levenson 2020-10-20 "If freedom and joy are what you seek, I couldn't recommend this book more." —Rhonda Byrne, New York Times best-selling author of *The Secret* and *The Greatest Secret*

Happiness Is Free is filled with profound insights and practical tools that will guide you to let go of painful feelings, unwanted thoughts, and negative stories and naturally open up to the happiness and unlimited potential that is within you right now. And it's easier than you think. Simple but powerful questions for self-inquiry and effective

techniques will empower you to gently let go of what, just a moment ago, seemed like an unsolvable issue or overwhelming emotion—anything from anger and frustration to fear, anxiety, and stress. You'll learn how to apply easy-to-use practices for letting go—including Holistic Releasing, Triple Welcoming, and others—to find more joy and peace of mind in every area of your life. In each chapter, renowned teachers Lester Levenson and Hale Dwoskin (New York Times best-selling author of *The Sedona Method*) offer life-changing opportunities to break free from self-imposed blocks and rediscover the real, unlimited you—and the ultimate happiness that is your birthright. Their combination of liberating insights, inspiration, and deep releasing explorations make this book a treasured companion for anyone who is seeking to navigate everyday life with greater ease, clarity, and sense of true purpose. "One of my most treasured books that changed my life is Lester's *Keys to the Ultimate Freedom*. It features Lester's words and insights drawn from decades of his teachings, and it is the only book that sits on my bedside table. Unfortunately the book has been out of print for a long time, but Hale Dwoskin has taken all of Lester's teachings from *Keys to the Ultimate Freedom* and put them in this new book, along with many of the releasing methods from the *Sedona Method*. You have the best of Lester's teachings and his methods in this one book, and if freedom and joy are what you seek, I couldn't recommend this book more. I used the *Sedona Method* occasionally over a ten-year period and found enormous benefit from it. Then, when I met my teacher -- who was a student of Lester Levenson's -- four years ago, Lester's releasing methods became a crucial part of my everyday life and my awakening." -- From the forward by Rhonda Byrne, New York Times best-selling author of *The Secret* and *The Greatest Secret* "Happiness is about remembering who you really are, and if you have forgotten, this book is an excellent reminder." —Deepak Chopra, author of *The Seven Spiritual Laws of Success* "If the roots of all suffering are attachments to the external, the roots of true joy are found only within. This book maps the ways to a profound state of peace." —James Redfield, author of *The Celestine Prophecy* "Be set free with the brilliance and insights in this book." —Mark Victor Hansen, co-creator of the #1 New York Times best-selling series *Chicken Soup for the Soul®* "Once in a human while, an individual comes along who has unlocked the secrets of happiness and opens the door for others to follow. Lester Levenson was such a one.... *Happiness Is Free* offers rare and penetrating insight into the freedom we all long for. This book can take you home." —Alan Cohen, author of *The Dragon Doesn't Live Here Anymore*

OCEAN OF MIND Manisha Gaikwad 2020-08-22 Buddha said that mind is one's friend as well as the enemy. If understood properly, it is useful. Everyone's ocean of mind is different. This book is a study of the human mind. See It, Feel It, Have It Joseph Balmaceda 2020-06-24 Mastering The Laws of Manifestation is The Key to Attaining Any Desire... And Reading "See It, Feel It, Have It: The Master Key to Manifesting Your Desires" is The Quickest Way to Do It! By Peeking "Behind the Scenes" of How The Laws of Manifestation Operate, You'll Be Able Witness Your Desires Sprout Into Existence! The Laws of Manifestation taught and USED within the book are FAR from fantasy. In fact, you're already using them to manifest everyday...Both consciously, and unconsciously. And if you already know a thing or two about Manifestation, but haven't been able to use it successfully... The author can GUARANTEE you that there are only a few, small tweaks needed for you to be able to "flip the switch" and see your desires start to manifest. These small tweaks, which have the biggest impact, are often the difference between success and failure with Manifestation... And they are hidden within the book for those who are ready to see them. Once You Spot The "Hidden Keys" Within The Book, You'll Be A Master of Manifesting Through Your Imagination And Sense of Feeling. Furthermore, what the author has included within are LAWS. That means they operate under ANY circumstances. But, that means that no matter if your desire is good or bad, just or unjust, these LAWS can be used to manifest it. So, the author asks that if you READ this book, please use these Laws to only manifest desires that are PURE, POSITIVE and GOOD...Or, do NOT READ IT! When The Author First Stumbled Upon These Laws

He Was 21 Years Old, Had No Clue He Was Using Them, And Was In Charge Of \$14.4 Million Dollars In Investments. Joseph graduated college in about half the time of everyone else, and shortly after found himself working for the largest privately held investment firm in the world, with his own branch, his own assistant, and in charge of \$14.4 million dollars for his investors. Although... because he wasn't CONSCIOUSLY aware of the Laws he was using to his advantage, he ended up peaking, and started to lose clients left and right. That is until he lost his biggest client, Chris, and decided it was time to quit. BUT, once he started to study ancient Scriptures and Texts, he stumbled upon these Laws of Manifestation and started bending the Universe to work in his favor. And now that he KNOWS what was REALLY going on when he manifested both his rise and fall, he has included that knowledge in "See It, Feel It, Have It" for the people that are ready to see it. He has done this as a way for people to have a lot of the same success he's had in manifesting desires, without most of the failure. If you desire to find the ANSWERS you've been looking for, by reading the book right now you'll find them inside. But, like stated previously, what Joseph teaches within are LAWS. And the nature of a Law is that they operate whether your desires are GOOD or BAD. So, only read this book if you're going to use it to manifest the GOOD and POSITIVE in your life, or please, don't read it at all.

The Path of Prosperity James Allen 2021-01-01 I looked around upon the world, and saw that it was shadowed by sorrow and scorched by the fierce fires of suffering. And I looked for the cause. I looked around, but could not find it; I looked in books, but could not find it; I looked within, and found there both the cause and the self-made nature of that cause. I looked again, and deeper, and found the remedy.

The Complete Works of Florence Scovel Shinn Florence Scovel Shinn 2018 Florence Scovel Shinn taught metaphysics in New York for many years. Her meetings were well attended and in that way she was the means of bringing the message to a considerable number of people. Her books have had a wide circulation not only in America but abroad. They seem to have a knack of finding their way to remote and unexpected places in Europe and other parts of the world. Now and again we meet someone who came into Truth through finding a Florence Shinn book in the most improbable location. One secret of her success was that she was always herself . . . colloquial, informal, friendly, and humorous. She never sought to be literary, conventional, or impressive. For this reason she appealed to thousands who would not have taken the spiritual message through the more conservative and dignified forms, or have been willing to read . . . at least in the beginning . . . the standard metaphysical books. She herself was very spiritual, although this was usually hidden behind a matter of fact and carefree treatment of her subject. The technical or academic approach was not for her. She taught by familiar, practical, and everyday examples. She had been by profession an artist and book illustrator before becoming a Truth teacher, and belonged to an old Philadelphia family. She left a collection of notes and memoranda which have been made into the present book. May it have a wide circulation. —Emmet Fox

Intellectual Warfare Todd William 2018-02-09 A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have changed...somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push our minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process. Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind.

Fox Tossing, Octopus Wrestling and Other Forgotten Sports Edward Brooke-Hitching 2015-06-04 For those who enjoyed the quirkiness of Schott's *Miscellany*, the erudition of *The Etymologicon* or the extremes of *The Dangerous Book for Boys*, this is the perfect read. From *Flagpole Sitting* to *Hot Cockles*, Edward Brooke-Hitching has researched through piles of dusty tomes to bring vividly back to life some of the most curious, dangerous and

downright bizarre sports and pastimes that mankind has ever devised, before thinking better of it and erasing it from the memory. After all, who would ever want to bring back Fox Tossing, a popular sport for men and women in 17th-century Germany? As the name suggests, it would involve dozens of couples pairing up and standing 20-25 feet apart in an enclosed field, each holding one end of a net, and then they would pull hard at both ends as the fox ran past, sending it flying high into the air. There are many other sports revealed within these pages that are unlikely ever to make an appearance on our TV screens, such as Firework Boxing, which is just as dangerous as it sounds. Meanwhile, Ski Ballet may not have been so risky, but Suzy 'Chapstick' Chaffee's signature move - the Suzy Split (a complete forward split while balanced on the tips of her skis) - was probably not one to try at home. An intriguing, entertaining and occasionally shocking insight into the vivid imaginations of mankind across the years, Fox Tossing, Octopus Wrestling and Other Forgotten Sports is an unforgettable read.

We're all doing it-every second of every day-without even realising it. For years, journalist and podcaster Jordanna Levin thought that she was psychic. She would worry about things and they would come true. But she wouldn't just worry; she would feel them, take subconscious action towards them and believe with every cell of her being that they would happen-and most of the time, they did. A broken foot, a cancelled flight, a tragic love story... the list went on. She soon realised that she wasn't just predicting the future, she was manifesting it. Until one day she changed the game. If she could manifest mishaps and disasters, why not the things she actually wanted? In this warm and witty book, Jordanna shares her personal
