Revelation Joel R. Beeke 2016-10-21 Are you confused by the great variety of interpretations of the book of Revelation, such as the preterist, the historicist, the futurist, the idealist, and an eclectic approach that embraces the strengths of all these? Would you like a clear understanding of various millennial approaches related to the last times? In this book of sermons on Revelation, Joel Beeke gives you all this and much more as he preaches through Revelation in a thoroughly biblical, doctrinal, experiential, and practical way intended to comfort and mature believers, to warn the unsaved to flee to Christ for salvation, and to exalt Christ as the King of kings and only Head of His church.

None Else Joel R. Beeke 2020-06-01 This book delivers a month's worth of meditations on God's character and attributes so that you will grow in both knowledge of and love for the Rock of your salvation by the Spirit's grace. While there are many devotionals in the marketplace offering guidance into the treasures of God's Word, None Else specifically reflects on God's manifold perfections as a means through which He—by His Spirit—graciously transforms our minds, changes our hearts, and molds us into the image of His Son, Jesus Christ.

The Cross Douglas Vickers 2010-04-02 A question has challenged the human conscience for two thousand years: "How are we to explain the presence of Jesus Christ in this world?" Or who, indeed, was Jesus Christ? A man like the rest of men? Or was he a divine Person? Why was it that well-practiced soldiers who failed to fulfill their commission to arrest him said: "Never man spoke like this man?" The early church confirmed the apostles' declaration that Jesus Christ was the eternal Son of God and that he came into the world to fulfill a messianic-redemptive assignment. "Christ Jesus," the apostle to the Gentiles explained, "came into the world to save sinners." In *The Cross: Its Meaning and Message in a Postmodern World*, Douglas Vickers sees the cross as the watershed of history. The divine objectives that the cross addressed bear vitally on the human condition, vitiated as that is by the entailment of sin. In an age in which postmodernist claims have rejected absolute criteria of truth and validity, the Christ of the cross provides the only refuge for those burdened by the search for meaning. The Cross explores the way of reconciliation between God and man. It affirms the apostolic claim that "In [Christ] are hid all the treasures of wisdom and knowledge."

Listening to the Neighbor Byungohk Lee 2015-05-12 The Trinity can be understood as a social community with members speaking and listening to one another in love, or, as Luther understood the Trinity, as conversation, then God's mission essentially involves in mission-in-dialogue. Byungohk Lee contends the church has to embrace the dialogical dimension in missional terms because the triune God is the subject of mission. The missional church conversation has taken it for granted that local churches should speak and listen to their neighbors. In contrast, for many churches in Asia, including Korea, mission has generally tended to be practiced in a monological, rather than dialogical, manner. The neighbor has not been regarded as a conversational partner of the church, but only as the object for its mission. In *Listening to the Neighbor* Lee shows that some local churches have participated in God's mission by listening to their neighbors. He argues that listening is not a technique, but a multifaceted learning process in missional terms. The church must nurture its hearts, eyes, and ears in order to listen to the sigh of its neighbors.

Philippians David T. Strain 2019-03-26 To know that we are not alone, to come to depend on one another, and to work together for the good of the lost and the glory of God—these are vital needs of the church in every age, but perhaps especially today. The letter of Paul to the Philippians, written amid suffering, yet ringing with joy, calls for precisely this kind of Christian unity. In this expository commentary, David T. A. Strain develops the apostle's theme that the life of a Christian is incomplete and immeasurably weakened when lived apart from the fellowship of the whole church. Strain not only provides a faithful explanation of the epistle to the Philippians but also shows the contemporary relevance and urgency of its message.

Essays in Analytic Theology Michael C. Rea 2020-12-10 This book is the second of two volumes collecting together Michael C. Rea's most substantial work in analytic theology. The first volume focuses on the nature of God and our ability to talk and discover truths about God, whereas this volume contains essays focused more on questions about humanity, the human condition, and how human beings relate to God. Part one of Volume II considers on the doctrines of the incarnation, original sin, and atonement. Part two examines the problem of evil, the problem of divine hiddenness, and a theological problem that arises in connection with the idea God not only tolerates but validates a response of angry protest in the face of these problems.

The Creeds of Christendom Philip Schaff 2007-11-01 Philip Schaff's *The Creeds of Christendom* is a massive set, originally published in three volumes and here reproduced across five volumes, cataloging and explaining the many different creeds from the myriad Christian denominations. The differences in belief between Calvinists, Lutherans, and Presbyterians, for example, can often be subtle, so a thorough examination of the particulars as well as an explanation for how those different beliefs result in a different worldview is necessary. Volume One: Part II covers: . the Catechism of Geneva AD 1546 and 1541 . the Reformed Confessions of France and Netherlands . the Reformed Confessions of Germany . the Reformed Confessions of Bohemia, Poland, and Hungary . the Anglican Articles of Religion . the Presbyterian Confessions of Scotland . the Westminster Standards . the Creeds of Modern Evangelical Denominations. (See Volume One: Part I for the Table of Contents for this volume.) Swiss theologian PHILIP SCHAFF (1819-1893) was educated in Germany and eventually came to the United States to teach at the German Reformed Theological Seminary in Pennsylvania. He wrote a number of books and hymnals for children, including *History of the Christian Church* and *The Creeds of the Evangelical Protestant Churches*.

Documents of the English Reformation Gerald Bray 2019-01-31 The Reformation era has long been seen as crucial in developing the institutions and society of the English-speaking peoples, and study of the Tudor and Stuart era is at the heart of most courses in English history. The influence of the Book of Common Prayer and the King James version of the Bible created the modern English language, but until the publication of Gerald Bray's Documents of the English Reformation there had been no collection of contemporary documents available to show how these momentous social and political changes took place. This comprehensive collection covers the period from 1526 to 1700 and contains many texts previously relatively inaccessible, along with others more widely known. The book also provides informative appendixes, including comparative tables of the different articles and confessions, showing their mutual relationships and dependence. With fifty-eight documents covering all the main Statutes, Injunctions and Orders, Prefaces to prayer books, Biblical translations and other relevant texts, this third edition of Documents of the English R
